

August 26, 2016***Immediate Release*****Sterlite Copper Bags CII Energy Efficient Unit Award**

Thoothukudi, Aug 26: Sterlite Copper has bagged Energy Efficient Unit Award during the 17th National Award for Excellence in Energy Management 2016 in Metal Sector by Confederation of Indian Industry (CII) Green Business Centre at Hyderabad. Efficient Management of available energy resources has been one of the major thrust areas of Vedanta Group's operations across the world.

The awards have been instituted to recognize and honour "Efficient Unit" in Energy Management as well as to create an opportunity to share best practices and technologies adopted. A panel of judges evaluated companies on the basis of the presentations made on the implementation of Energy Conservation and Management activities. It is noteworthy that 248 companies from various sectors such as paints, refineries, power, paper, automobile, steel, cement and building category applied for this competition.

The award was in recognition to the Sterlite Copper's excellence in reduction of specific energy consumption, its proximity towards global best in specific energy consumption, innovation in identifying and implementing energy saving projects, methodology adopted during the implementation, proven efforts taken by the company to sustain the savings and utilization of waste materials.

Sterlite Copper Official Mr Santhosh Ganesan, Associate General Manager received this prestigious award from Ms. Shobana Kamineni, President Designate CII & Executive Vice-Chairperson, AHIL in a function organised at Hyderabad. Mr R Deepanraj, Associate Manager - Asset Optimization and Mr Vujji Jagadeesh, Associate Manager - Environment were also present during the ceremony.

Disclaimer

This press release contains "forward-looking statements" - that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
